

Charity Partnership

What's a Charity Partnership?

A charity partnership is an *aligned* partnership whose *intentional collaboration* serves a community or the world in a bigger and greater way.

- Want your business to make an even greater impact?
- Want to contribute to more magic in the world?
- Want to bring more meaning to your business?
- Want to have a direct hand in supporting the lives of tens of thousands of kids?

vicki abadesco!, Director and Co-Founder of Soul Shoppe is on a mission to create a bully-free world. Every

day Soul Shoppe facilitators step into rooms of young people and remind them of their power, their intelligence and their big hearts. Every day we get the opportunity to serve the hearts and minds of thousands of kids and watch them choose wiser choices for themselves and their school community.

We believe that happy, supportive and thriving kids, grow up to be happy, thriving and contributing adults.

Join us in our mission to impact the lives of young people by teaching them effective communication skills and peacemaking tools to support them in their academic and personal lives.

"It's amazing to be able to find an organization that is designed to take one of the greatest challenges we face as humans and address it at the root level. We know that thriving, happy and confident kids, who are supported and encouraged, grow up to be happy and successful adults. As result of Soul Shoppe's work, kids learn to be themselves and own their true gifts. There is no greater need for our society today than kids growing up believing in themselves and that's what Soul Shoppe delivers. That's why I excited to fundraise and to help Soul Shoppe in any way I can. That's why Soul Shoppe is a charity partner for all of our events. And that's why I am happy to reach out to my community on behalf of vicki! and Soul Shoppe."

~ BILL BAREN
